

## **Instructions for Parents:**

Visit a local library with your child and have them practice putting their new skills to use!

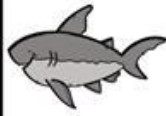

1. Help the child find a book for them to read with you, keeping track of all the strategies they can use to figure out the words they do not know.
2. When the child comes to a word they do not know, have the child refer to the Bingo board to decide which strategy they would like to use.
3. The goal is to try to get Bingo by the end of the book!

**Most Importantly: Have fun reading with your child!**
