

STUDENT PATH TO PERSONALIZED LEARNING

FAMILY GUIDE

BUILDING RELATIONSHIPS AND SUPPORTS

Students and educators utilize a network of school and community members to build relationships and mental and emotional well-being, while strengthening curricular goals.

FOSTERING STUDENT AGENCY

Students, with teacher guidance, will learn to rely on themselves to set goals, select resources, drive their learning, and experience real-world opportunities that connect to their interests.

PROVIDING GREATER FLEXIBILITY

Students will have a voice in choosing their instructional paths including time, place, path, and pace while utilizing technology strategically.

USING DATA TO INFORM DECISIONS

Students, with teacher guidance, will use data and teacher feedback to make informed decisions about their education.
