2026 WSSD HIGH SCHOOL SUMMER CREDIT PROGRAM

WANT CREDITS?

CREDIT ACCELERATION COURSES
are available for current high school students interested in taking a course for the first time for original course credit. These acceleration courses contain the full course content and require a greater time commitment from the student. Only a limited selection of courses for acceleration are available online through ExCEL or Schoology, and these courses will be monitored by West Shore staff.

NEED CREDITS?

CREDIT RECOVERY COURSES
are available for current high school students to retake a class previously taken but failed by the student. These credit recovery courses contain only the essential course content and can be completed in a very condensed time frame over the summer program. All credit recovery courses will be delivered online through ExCEL, are self-paced and will be monitored by West Shore staff.
