Transportation Exception Request • 2024-2025

Please submit completed request to the WSSD Administration Building.

Note to Parent/Guardian: A separate form should be used for each child unless they attend the same school. When requesting a transportation exception, it is important to note that a student may not be assigned to two different bus runs (seats) and exceptions will only be made within the same attendance area of the child's home school. As such, students approved for an attendance exception will not be transported by District transportation. All information is to be filled in for the school year requested. An email will be sent to notify you of the District's decision regarding the exception requested.

PLEASE NOTE: It may take up to five (5) business days for exceptions to be processed.
