

ACE Mentoring Program

Architecture, Construction, Engineering

Students in grades 10-12 Join the ACE program to learn about career opportunities in Architecture, Construction Management, and Engineering

Features of the ACE Mentoring Program:

- After school program: Thursdays (4:30—6:30 including dinner)
- Meetings are held from October through March
- You are matched with ACE professionals who volunteer their expertise
- Students work in teams to design projects, visit job sites, and learn about the business
