Getting Connected Three easy steps to access your school's wireless network

To access the network, click the WiFi icon on your computer and select the appropriate network* for your use.

> Please Note: The WiFi network exists to support instruction and is only available to students and staff during specific hours.

| | , Ś |
|-------------------|----------|
| AirPort: On | |
| Turn AirPort Off | |
| ✓ACE WiFi | (|
| ACE-Cart Computer | (¢ |
| ACE-Guest | (Ē |
| ACE-Staff | € |

| 2 | Once you connect to this |
|---|---------------------------------|
| | network you will need to launch |
| | a web browser (Safari, Firefox, |
| | Internet Explorer, Chrome) and |
| | enter your District username |
| | and password (same one you |
| | use to connect to the server). |

3 Once authenticated, click the HOME icon to continue and begin using the internet.

* Additional wireless networks are available for use by District owned devices and guests granted an account by Technology & Media Services. Unauthorized attempts to use these networks is prohibited under the Acceptable Use Guidelines in Board Policy 815.
