Getting Connected

New, easy ways to access the wireless network at...

Upgrades to the wireless network offer increased security and speed for all users while allowing visitors and their devices to access our network.

To access the network, visit the WiFi icon on your computer and select the appropriate network for your use.

ACE-Staff
For employees of the District who need web, service, and print access. The first time you use the network you will need to enter a Dynamic Pre-Shared Key (DPSK) which you can find on the ACE-Staff page. Once you have entered the key, you will be able to use the network for your use.

ACE-WIFI
Guest employees who only need web access should use the WiFi network. Once you connect to the network you will need to enter a web browser and enter your District username and password. Once you have entered the key, you will be able to use the network for your use.

ACE-Guest
If you are not an employee of the District but need web access, you can use the ACE-Guest network. Once you have entered the key, you will be able to use the network for your use.

Please Note: The ACE-Staff Computer and Registration network are available and it is recommended that you use the ACE-Staff network. Please do not use the ACE-Guest network.
