RED LAND HIGH SCHOOL

Brad Cashman – Athletic Director Email <u>bcashman@wssd.k12.pa.us</u> Twitter @RedLand AD

560 Fishing Creek Road Lewisberry, PA 17339-9510 Phone 717-938-6561 Fax 717-932-0886

2017-2018

Dear Parent or Guardian:

Your child has expressed an interest in participating in an athletic program at Red Land High School. These are programs for those students desiring a level of competition beyond that provided in the physical education program. An activity fee is required for participation in athletics and student activities. The fee will be assessed per sport and activity. There is a student cap of \$200.00 and a family cap of \$500.00. Checks or money orders should be made payable to Red Land High School Activity Fee. Checks, money orders or cash are submitted to the main office only. Fees and activity fee payment form must be paid and submitted within two (2) weeks of the start of practice and no later than the first (1st) competition date.

The winter sports season begins official practice at Red Land on Friday, November 17, 2017. Individual coaches will let their players know at what time and place to pick up any required equipment. The individual coaches will let the athletes know where practice is and when it starts.

A physical exam is required prior to participation in any sport. A physical packet is attached for this purpose. The PIAA physical form is the only paperwork accepted by the West Shore School District for a one (1) year physical.

<u>ALL</u> PHYSICAL PAPERWORK IS DUE TO RED LAND HIGH SCHOOL ONE (1) WEEK BEFORE THE OFFICIAL PIAA PRACTICE FOR THE SEASON BEGINS. ANY PHYSICALS TURNED IN AFTER THIS DATE WILL RESULT IN STUDENT MISSING AT <u>MINIMUM</u> THE FIRST DAY OF PRACTICE/TRYOUTS.

Winter Sports:

Boys Basketball	Head Coach	Mike Zangari	(Grades 7-12)	mikez34@me.com
Girls Basketball	Head Coach	Beth Holt	(Grades 7-12)	bholt@umiusa.com
Wrestling	Head Coach	Brian Baglio	(Grades 7-12)	Baglio717@gmail.com
Boys and Girls Swimming	Head Coach	Chris Sherbo	(Grades 9-12)	crsherbo@gmail.com

PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the current spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION Student's Name Male/Female (circle one) Date of Student's Birth: ____/___ Age of Student on Last Birthday: ____ Grade for Current School Year: ____ Current Physical Address _____ Current Home Phone # () Parent/Guardian Current Cellular Phone # () Fall Sport(s): _____ Winter Sport(s): ____ Spring Sport(s): ____ **EMERGENCY INFORMATION** Parent's/Guardian's Name______ Relationship _____ Address _____ Emergency Contact Telephone # ()_____ Secondary Emergency Contact Person's Name Relationship Address Emergency Contact Telephone # () Medical Insurance Carrier______ Policy Number_____ Address ______Telephone # () ______ Family Physician's Name______, MD or DO (circle one) Telephone # () Address Student's Allergies Student's Health Condition(s) of Which an Emergency Physician or Other Medical Personnel Should be Aware Student's Prescription Medications and conditions of which they are being prescribed _____

Revised: March 22, 2017

Section 2: Certification of Parent/Guardian The student's parent/guardian must complete all parts of this form. A. I hereby give my consent for _ born on ___ who turned on his/her last birthday, a student of School and a resident of the __ public school district. to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below. Fall Signature of Parent Winter Signature of Parent Signature of Parent **Sports** or Guardian or Guardian **Sports** or Guardian Sports Basketball Baseball Cross Country Bowling Boys' Field Lacrosse Competitive Hockey Girls' Spirit Squad Football Lacrosse Girls' Golf Softball Gymnastics Soccer Bovs' Rifle Tennis Girls' Swimming Track & Field Tennis and Diving (Outdoor) Girls' Track & Field Boys' Volleyball (Indoor) Volleyball Water Wrestling Other Polo Polo Other Other Understanding of eligibility rules: I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance. Parent's/Guardian's Signature Disclosure of records needed to determine eligibility: To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data. Parent's/Guardian's Signature Date / / Permission to use name, likeness, and athletic information: I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics. Parent's/Guardian's Signature _ Date / / Permission to administer emergency medical care: I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student. Parent's/Guardian's Signature Date / **CONFIDENTIALITY:** The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical

Parent's/Guardian's Signature _______Date___/____

condition will not be shared with the public or media without written consent of the parent(s) or quardian(s).

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise

- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents. Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- The student should be evaluated. A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- Concussed students should give themselves time to get better. If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

 Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:

The right equipment for the sport, position, or activity; Worn correctly and the correct size and fit; and Used every time the student Practices and/or competes.

- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traum participating in interscholastic athletics, including the risks associated with continuing to compete traumatic brain injury.

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)

- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 - the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may also hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The
 evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart
 doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or
 certified medical professionals.

ONE OPPORTUNITY. LIMITLESS POSSIBILITIES.

GRADE 9

- Start planning now! Take the right courses and earn the best grades you can.
- Ask your counselor for a list of your high school's NCAA core courses to make sure you take the right classes. Or, find your high school's list of NCAA core courses at eligibilitycenter.org.

GRADE 10

- Register with the NCAA Eligibility Center at eligibilitycenter.org.
- If you fall behind on courses, don't take shortcuts to catch up. Ask your counselor for help with finding approved courses or programs you can take.

GRADE 11

- Check with your counselor to make sure you are on track to graduate on time.
- Take the ACT or SAT and make sure we get your scores by using code 9999.
- At the end of the year, ask your counselor to upload your official transcript.

GRADE 12

- Take the ACT or SAT again, if necessary, and make sure we get your scores by using code 9999.
- Request your final amateurism certification after April 1.
- After you graduate, ask your counselor to upload your final official transcript with proof of graduation.

For more information:

eligibilitycenter.org NCAA.org/playcollegesports

Search Frequently Asked Questions: NCAA.org/studentfag

> **Follow us on Twitter:** @ncaa ec

eligibilitycenter.org

If you want to play sports at an NCAA Division I or II school, start by registering with the NCAA Eligibility Center at eligibilitycenter.org during your sophomore year.

Core Courses

This simple formula will help you meet the Divisions I and II core-course requirement:

4X4=16

- 4 English courses (one per year)
- + 4 math courses (one per year)
- + 4 science courses (one per year)
- + 4 social science courses (one per year)

16 NCAA CORE COURSES

Grade-Point Average

The NCAA Eligibility Center calculates your grade-point average (GPA) based on the grades you earn in NCAA-approved core courses. Visit eligibilitycenter.org for a full list of your high school's core courses.

Sliding Scale

Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. If you have a low GPA, you need a higher test score to be eligible. Find more information about sliding scales at NCAA.org/playcollegesports.

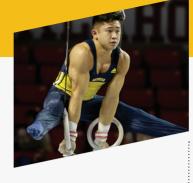

Test Scores

You may take the ACT or SAT as many times as you want before you enroll full time in college, but remember to list the NCAA Eligibility Center (code 9999) as a score recipient whenever you take a test. We can accept official scores only from ACT or SAT and we won't use the scores from your high school transcript. If you direct the ACT or SAT to send us your scores every time you take a test, we will choose the best scores from each test subject to create your sum score.

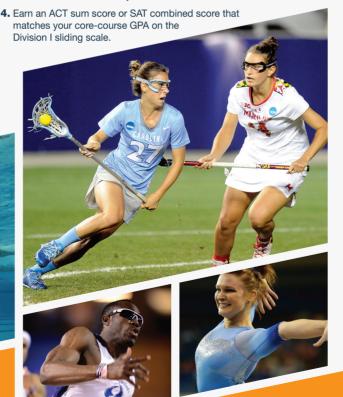

DIVISION I

To play sports at a Division I school, you must graduate from high school and meet ALL the following requirements:

- 1. Complete 16 NCAA core courses:
- 4 years of English
- 3 years of math (Algebra 1 or higher)
- 2 years of natural/physical science (including one year of lab science if your high school offers it)
- 2 years of social science
- 1 additional year of English, math or natural/physical science
- 4 additional years of English, math, natural/physical science, social science, foreign language, comparative religion or philosophy
- 2. Complete 10 NCAA core courses, including seven in English, math or natural/physical science, before your seventh semester.
- 3. Earn at least a 2.3 GPA in your NCAA core courses.

DIVISION II

To play sports at a Division II school, you must graduate from high school and meet ALL the following requirements:

Before August 1, 2018

- 1. Complete 16 NCAA core courses.
- 2. Earn at least a 2.0 GPA in your NCAA core courses.
- 3. Earn an ACT sum score of 68 or an SAT combined score of 820.

After August 1, 2018

- 1. Complete 16 NCAA core courses.
- 2. Earn at least a 2.2 GPA in your NCAA core courses.
- **3.** Earn an ACT sum score or SAT combined score that matches your core-course GPA on the Division II sliding scale.

Core Courses for Division II

To play sports at a Division II school, you must complete these NCAA core courses:

- 3 years of English
- 2 years of math (Algebra 1 or higher)
- 2 years of natural or physical science (including one year of lab science if your high school offers it)
- 2 years of social science
- 3 additional years of English, math or natural or physical science
- 4 additional years of English, math, natural or physical science, social science, foreign language, comparative religion or philosophy.

DIVISION III

Division III schools provide an integrated environment focusing on academic success while offering a competitive athletics environment. While Division III schools do not offer athletics scholarships, 75 percent of Division III student-athletes receive some form of merit- or need-based financial aid.

If you are planning to attend a Division III school, you do not need to register with the NCAA Eligibility Center. Division III schools set their own admissions standards.
